New York Land Sale

Written by Administrator

Wednesday, 18 August 2010 18:28

New York Land Sale!

Steuben County, New York

Three (3) Acres

Three (3) Acres, location, Steuben County, New York. Legal easement access, private road with electric & phone, Woods, Stream & View. Wooded vacant recreation/residential land, about a mile northwest of the city of Bath, in Steuben County, in south central New York State, including all timber and surface mineral rights.

The Land itself: ... the pictures tell most of the story ...

This land is mostly wooded, and has a real "babbling brook" (stream) running across, about half way back. The front half is gently down sloping down to the stream. West of the stream is heavily wooded and moderate to steep sloping up to near the top of Hickory Hill. The view from up there is quite nice as you can see from the photos. It has 255 feet of frontage on a private road (called Cossen Road) which comes in off of Hickory Hill Road. The electric and phone lines run right across the front to this land on the east side. You can see the power pole and electric service wires in the photos.

Northeastern New Mexico Land Sale!

Five (5) Acres

Location: San Miguel County, Conchas Dam, New Mexico

We believe this property is an excellent short to long-term investment in an area that has all of the conveniences of a larger urban area, but is located in a private, rural setting. Located in spectacular San Miguel County in Northeastern New Mexico, this region offers low property taxes, inexpensive housing, and are convenient to the larger cities of Las Vegas and Santa Fe. This is a great opportunity to own investment property! The richness of the deserts, mountains, canyons, rivers, and forests of Northern New Mexico afford a type of lifestyle not found anywhere else on earth.

Property values in New Mexico have soared in recent years due to migrations of retirees enticed by the pleasant climate and the relaxed low-key lifestyle of the American Southwest. Investors and business entrepreneurs are also relocating to the area due to its friendly business atmosphere, strategic location between several Southwestern States (Texas, Arizona, California, Colorado), Mexico, and major transcontinental transportation routes. As investment property values continue to increase, real estate in San Miguel County represents excellent investment potential! Private property will soon be beyond the reach of most Americans. As the population of the United States grows and continues to relocate, opportunities in "best kept secret" areas like San Miguel County will diminish. Niche investment properties in rural areas such as Northeastern New Mexico are growing in value.
